

Naturalness Declaration

Monave Cosmetics are made of natural pigments, which are purified to remove all heavy metals, and organic and vegan botanical ingredients.

Some of Monave products contain ethically processed natural beeswax.

Monave products do not contain any synthetic chemicals, phthalates, dyes, carmine, or other harsh or unnatural ingredients.

Monave products have very limited ingredients and are created to be suitable for sensitive skin types.

Monave products are made using ingredients which focus on sustainable practices. From time to time if an ingredient becomes in danger of depletion due to over harvesting, we reserve the right to change our formulas accordingly.

Monave micas are sourced from companies who are official members of the Responsible Mica Initiative.
